WAVELL'S WHIRLWAYS 40TH BIRTHDAY PARTY

What a great day for a great Club. The day started early with members arriving at the hall around 9.30am to start the decorations for what was to be a very big night. Nearly six hours later the last of us left for a well needed rest before returning for the night.

People started to arrive early so Sid started a little early to get through the programme. We had just over two hundred dancers in a very crowded hall. Over twenty callers and cuers kept us on our toes until it was time for supper and a good but late night finish. Special guests for the night were Keith Boden, a long standing member of the Club. Graham Rigby, Evelyn Johnson, Connie Philip, all who have had a big influence in our caller's life.

Also with us for the night were dancers from the past, Graham and Shirley Strickland, Dawn Tyson and Alan Hooper to name but a few. Our longest standing Club member Robyn Harris, who is also our Club Secretary/Treasurer was also present. We may not always say Thank You but we do appreciate all the work Robyn puts in each week.

We would like to thank all of our dance friends for helping to make the night such a success. We look forward to catching up again at the next big dance of the year. Our biggest thank you is reserved for Sid and his tireless wife Betty for all the time and effort they put into the Club each week, and now for forty years. Thanks also to all the Club members who contributed in any way in making the night a huge success.

Round Dance Corner

A busload of dancers descended on the retirement village home of Phyl and Kev Stewart on Wednesday evening—18th. March. They arrived, unexpected, to surprise them at their Wed. Dance.

The purpose was to witness the presentation to Phyl and Kev. of a special “Distinguished Service Award” from Roundalab. Warwick Armstrong, who read the citation from Roundalab, told how the Stewarts had changed the way that round dancing was now taught and danced. When they started dancing, rounds were a collection of easy two steps and waltzes.

During a trip to America, Phyl & Kev came to know Erv. and Betty Easterday, who introduced them to the new style of dancing that included body mechanics and diagonal directions. Phyl & Kev started to bring to Queensland, at great expense to themselves and their club, a series of well known American teachers, and were hosts to the first Roundalab mini-lab held outside America.

Details of the 2009 Queensland State Square Dance Convention are available on line at the QRDA web site www.rounddanceqld.com
This included the program, the information statement, and the registration form. Look in the “News and Links” section of the site.

The influence of these teachers and these weekends have changed the way we now dance and teach Round Dancing. A big thank you to Phyl and Kev for their time, money, and perseverance in bringing about this change. All dancers are indebted to them. Paula presented the award to them and read a letter from the Easterdays commending them for their achievements.

The BIG event for 2009, a “**Big Day of Dancing**” will take place on the first Saturday in October—12 hours of dancing and teaching; finishing with a big dance after the evening meal break. Mark your diary now, 3rd October, 2009. More details during the months leading up to the BIG DAY.

STEPPING OUT WITH CLOGGING

They came from near, they came from afar, all happily Clogging under the STORM KING star!

WOW! What a weekend, with visitors from all States of the Commonwealth having the best time mixing with friends old and new, dancing, laughing, enjoying the hi-jinx of Jason & Co., and going home exhausted but happy.

Our National President, Kaye Speyer, flew in from Western Australia for the event. Kaye is looking forward to greeting you at the National Clogging Convention in Perth in mid-June.

Congratulations to Edith, Jenny, Dennis and those who helped to make it into a massive weekend of Clogging, and who deserve all the compliments payed to them as STORM KING celebrated it's 21st Birthday.

Jan Collins from Canberra, who is our National Treasurer, has been 'back home' for a month visiting rellies. Jan also attended STORM KING and has come along on a number of occasions, as a very welcome visitor, to several Brisbane Clogging Clubs.

Cloggers who attend the 50-PLUS Club at the Brisbane City Hall had a mini-tour of the building as we had changes of

venue thrice due to the recent State Election. No problems- a change of scenery is always welcome, but we do love the Sherwood Room.

Incidentally, if you would like a one hour tour of the City Hall to see some of the areas which are of structural concern, call 3403 8888 and they will book you in for a walk through Brisbane history.

Best wishes to Kel who celebrated his 70th Birthday with a lively night of dance with his Clogging friends.

See you in the Brisbane City Mall late morning of Friday 24th April for Get Rhythm's Clogging demonstration to help publicise a super weekend with the Urban Country Music Festival which is on the 1st, 2nd, and 3rd of May at Caboolture.

Friday the 1st will see a night of Clogging at the Caboolture High School, Charles Street, from 7 p.m. Admission \$5.00- spectators admitted free, and there will be 'Have-a-go-at-Clogging' segments during the evening. Complimentary tea & coffee for all attendees.

So, one and all, SEE YOU SOON, as we keep Clogging on tap,

PINE RIVERS SENIOR CITIZENS

Our new dancers are coming along nicely and really enjoying their dancing. We are still maintaining at least 3 squares on a Tuesday afternoon which is great.

Margaret is taking a couple of weeks holiday to Hervey Bay so yours truly will be taking the Club in her absence. We all hope that Margaret has a really relaxing and refreshing time.

Our next big dance is on Saturday 30th May and the theme is 'SCHOOL DAYS'.

Yearly Physical

A woman goes to the doctor for her yearly physical. the nurse starts with certain basic items. "How much do you weigh?" she asks. "115," she says. The nurse puts her on the scale It turns out her weight is 140. The nurse asks, "Your height?" "5 foot 8," she says. The nurse checks and sees that she only measures 5' 5". She then takes her blood pressure and tells the woman it is very high.

"Of course it's high!" she screams, "When I came in here I was tall and slender! Now I'm short and fat!"

CANE COUNTRY SQUARES, BUNDABERG

With our Club's 26th Birthday celebration being on Friday 13th March, we decided to combine the theme of black Friday and St Patrick's Day and wore colours of green and black. There were so many shades of green - it was interesting.

It was a varied night with our learners staying on and dancing main stream throughout the night as well as a Gypsy Tap, and also some new dancers doing the Rounds. Plus dancing kept the more experienced dancers thinking.

The evening commenced with a delicious Take A Dish dinner followed by dancing, and it was pleasing to see so many folk sitting around the table to share our Birthday Cake iced in Club colours of Green and Gold for supper. Matthew and Anita cut the cake to the chorus of happy birthday to our Club.

Our Caller, Matthew plans to have this group of mainstream learners finished their program in time to attend the Convention.

MORETON BAY SQUARES

What a GREAT 18th Birthday Party we had...thanks to all those lovely dancers from up and down the Coast and City that made it such a happy, fun-filled occasion! It was specially wonderful to have with us Doris and Charlie from Gumdale Grandsliders, Charlie celebrating 89 years while Doris is a slip of a girl at 88! What an inspiration to us all; I wonder how many of us will still be dancing at their age.

A good variety of dance was assured with the presence of Margaret Baines, Brian Heyhoe, David Pearce and Patsy May Ponting assisting the ever-popular Noel Mc Kenzie on the calling front. Thanks to all of them for keeping the 'Mad Hatter' theme alive with a crazy, fun approach which had everyone laughing and singing along much of the time.

Our members did a wonderful job of preparing the hall and presenting raffles and a yummy, yummy lunch. Well done Gang! The 4-hour session just flew past and it was with great reluctance that 'Goodbyes' were exchanged until next time- and that is our 'Island-style' Dance on Saturday 3rd October. Put it in your diary!

Rambling Eights Camp – 2009

The Rambling Eights Camp at Lake Perseverance Recreation Lodge this year had an international flavour.

Auckland caller Ian Small and Raewyn joined the dancers from Brisbane, the Sunshine Coast, Gold Coast, Casino and Toowoomba.

Ian presented a very interesting workshop, showing dancers that they could dance with six couples in a hexagon formation.

His brand of calling and choice of singing calls had the dancers excited and smiling in each bracket he brought to us.

Noel McKenzie supported David Pearce with great calling and some challenging moves from Basic-Mainstream and Plus levels.

David had the dancers surprised at times when they were faced with doing Allemande lefts with the same sex.

On the sporting fields – the Scrimgeours organized a game of soft ball – many swings there too, a few good hits, lots of running and much laughing.

Bocce attracted those who preferred to throw the bright silver balls. In the longish grass the balls seemed to stop dead at times.

Tennis games and Table Tennis organized and run by Teresa, Leon and Merle saw more dancers displaying their skills and sporting fitness.

We really need to do something about our Round Dance Teacher (Corinne) the perpetual Table Tennis winner – 5 years now – maybe we could tie both her hands behind her back.

Corinne did a great job of teaching a new round dance to us – Cab Driver. She also conducted sessions that included some revisited rounds from the past as well as present day ones.

Rambling Eights dancer, Christine Lucas joined the theme of the weekend (My Initial) by teaching and cueing “Getting to know you”

as well as organizing a quiz to find out what we really know about some of our friends.

The Theme for the weekend was “My Initial” and the hall was decorated with signs and posters depicting letters of several alphabets – as well as Egyptian hieroglyphic. Our thanks go to Frank Perkins for doing a marvellous job with these decorations. Unfortunately Frank and Barbara had to withdraw from the camp at the last minute but he was there in spirit.

Dancers dressed up for the Saturday Party night. We had ‘Maurice the Matador’, ‘Sharyn the Spectacular’ while John took a bet both ways and was ‘Jack and Jill’. Lesley looked delicious as a ‘liquorice allsort’, ‘Merlina the Magician tried out her spells and palm reading’ while the Scrimgeour family stepped out on “Yellow Brick Road” as Dorothy, Tin Man and the Wicked Witch. Many others used their imagination to make their ‘Initial’ into a dress-up theme.

Saturday night we were delighted to welcome Bill and Beth McHardy and other dancers from Toowoomba – great to see you and have you share some dancing with us.

The After Party brought out talents we don’t always see from our friends – poems, jokes, songs and skits – all added to the fun atmosphere.

On Sunday morning we were dancing to “New Faces”. Mary Hutchins (Wavell), Lorna Warburton and Ray Nasmith (Pine Rivers & Northern Promenaders), Maurice Pearce and Julian England (Rambling Eights) were the five dancers who took the microphone and called in fine style. Thank you for showing us what talents you have.

What is Square Dancing all about? FUN – FELLOWSHIP – EXERCISE AND DANCING – We think we had those attributes in abundance at Lake Perseverance 2009.

To the Editor

Read with interest Rob Fry’s comment in the March Bugle “The most important dancer on the floor is the newest dancer” Sorry but I disagree with that. There is no most important dancer - EVERY dancer is IMPORTANT. You can’t continue a club just concentrating on the newer dancers. You have a loyalty to the older dancers who have supported you as well. They are your ANGELS, they are the ones who, if you don’t dance separate levels on different nights forego their dance time to cater for the newer dancers. They are the ones who you call upon to help. They are the ones who keep the club going.

VALE JOHN BARKER

We would like to thank all the Square Dancers and friends who attended John's funeral, sent cards or contacted us on the occasion of our son in law's passing.

John was the husband of our daughter Leanne and a father to three of our grandsons.

Your concern and attention was deeply appreciated and a great comfort to all the family.

Please accept our heartfelt thanks.

Leanne Barker, Ann & George Stevens.

JOHN BARKER

The square dancers met John Barker when he started keeping company with Leanne Stevens. He was a very nice considerate man who had recently retired from the army. It was nice to see a young man get involved and totally enjoy himself in the learning time and who was willing to have a go at just about any dance.

When they married, Leanne and John along with Leanne's son, lived in the eastern suburbs for a time and welcomed their first son, Harrison in 2004. A second son, Oliver, followed a couple of years later.

John found employment in the coal mining industry in the electronics area. He had specialised in this field while in the services and this skill stood him in good stead. He was very well regarded by his employer and will be sadly missed.

John and Leanne were both looking forward to the arrival of their next child, who was born on the 19th March, another healthy boy named Maxwell John Neil Barker.

This was a man who loved life, was considerate to all and was a very proud and loving Dad and a great husband. He was only 33 years old.

BAR K RAMBLERS CIRCLE W SQUARE DANCE.

We started our year off with our 35th birthday celebrations held at our "Wool Shed". A great night of friendship and food and time to catch up on the goss from over Christmas.

In March we held our Annual General Meeting and planned our activities for the remainder of the year.

Although we don't dance on a regular basis at one venue we have planned many club visits and social activities to be held during the year, one being climbing the Story Bridge and a visit to a Winery in Maleny. Who said square dancers don't have fun?

Congratulations to club member Brendan on reaching 21.

A set will be travelling to Perth for the National. Hope to see you there.

Happy Dancing.

SUNCOASTERS NEWS

This week has been a great week for No. 17 - 17 new beginners turned up on the 17th for our first "Introductory Night" and 17 graduated from our 'Class of 2008'.

Yes, on the 21st March our Learners of 2008 graduated with a special Graduation Ceremony and supper at the end of the night. A great night was had by all. Thank You to all members who attended and supported our Graduates.

We carried out another letterbox drop of over 2000 flyers promoting our three "Introductory Nights" to be held, but a comment has been made which gives food for thought- "Most people don't like junk mail in their letterbox" but I don't classify square dance flyers as JUNK, do you? Maybe we need to find another popular form of promotion - the electronic way maybe the way of the future. New classes for Rounds and Clogging are also being promoted at the same time.

Members recently travelled to Logan City and Wavell for their special nights and had a great time. Congratulations to Sid on his 40 years of calling.

40 is also a significant number in 2009. Wavell celebrates its 40th, Nev McLachlan, Steve Turner and Kevin Kelly also celebrate their 40 years of Club calling this year.

We will be holding a working bee and social at the end of March. Contact has been made with many dancers who have dropped out of our activity in the hope of getting them back so that they can once again enjoy this fabulous activity. They can also participate in the Introductory sessions and use them as a Refresher Course.

Nev and Bev now only have a few weeks til they depart on their 3 month outback adventure but have found a stumbling block. They had planned to take their square dance records and clogging shop to the National and preparations were in hand for some dancers to bring back any stock left over. Unfortunately these arrangements have fallen thru. If you are driving to Perth and will be there the week-end after the National and would be willing to help them bring back the stock please give them a call (07) 5445 1238

Remember- no Easter Festival or Anniversary Weekend this year but watch out for 2010.

Happy Dancing

A man walking along a California beach was deep in prayer. Suddenly the sky clouded above his head and, in a booming voice, the Lord said, "Because you have TRIED to be faithful to me in all ways, I will grant you one wish."

The man said, "Build a bridge to Hawaii so I can drive over anytime I want."

The Lord said, "Your request is very materialistic. Think of the enormous challenges for that kind of undertaking. The supports required to reach the bottom of the Pacific! The concrete and steel it would take! It will nearly exhaust several natural resources. I can do it, but it is hard for me to justify your desire for worldly things. Take a little more time and think of something that would honour and glorify me." The man thought about it for a long time.

Finally he said, "Lord, I wish that I could understand my wife. I want to know how she feels inside, what she's thinking when she gives me the silent treatment, why she cries, what she means when she says nothing's wrong, and how I can make a woman truly happy."

The Lord replied, "You want two lanes or four on that bridge?"

QUEENSLAND PRESIDENT'S REPORT

Hello to all. March was a great month for celebrations in the land of sunshine, I attended the Heritage City Hoedowners (Maryborough) on the 14th, and helped celebrate their 20th Birthday, with host Caller Andrew Reid making the evening bright with a lot of humour, those who attended had a very enjoyable night.

Then on the 18th for Wavell Whirlaways (Wavell Heights), Sid & Betty Leighton had good reason to feel proud when 203 attended the Club's 40th Birthday, supported by 25 Callers, which included Graham Rigby and Graham Brandon, and not to be outdone, Sandra Bloomfield and Margaret Casey with some great Clogging, and Jane Rayner cueing Rounds, with the stage beautifully decorated for this momentous occasion, it was dancing cheek to cheek, a fabulous night was had by all, Sid & Betty had the pleasure of cutting a very large Birthday cake. (I regrettably, was not able to attend).

Whilst not in the same vein as Wavell, Hervey Bay Square Dance Club also celebrated their 20th Birthday, with host Caller David Smythe producing his usual entertaining style, with four squares on the floor enjoying his wit and gaiety making it a very hilarious evening.

The Square Dancing Society Of Queensland Inc. is very fortunate and proud to have as it's Patron, Cr Adrian Schrunner (Brisbane), and thank him for the excellent support he has rendered over the past year. It's a pleasing thought to have a Patron who is actually interested in the Society's activities.

So until next month, enjoy your dancing.

Alec Webster

Salad Bowl Squares

Dancing has been going along well with our beginners progressing slowly but steadily through the movements Kay has been teaching. The half hour session before club and dances throughout the evening is working well and reinforces what the beginners are learning. A very big thank you to all our angels.

The club was most appreciative of the visit by the Society executive and enjoyed the opportunity to actually find out what they look like. A visit to Rambling Eights whilst Kay was calling interstate was most entertaining and it was good to catch with some fellow dancers who we might not see very often.

On a sadder note, the club's sympathies are extended to Anne and George with the loss of their son-in-law.

This month's theme night is a "Hippy – Flower Power", so we can expect plenty of long hair and long forgotten fashions to appear.

In a hospital's Intensive Care Unit, patients always died in the same bed, on Sunday morning, at about 11:00 a.m., regardless of their medical condition.

This puzzled the doctors and some even thought it had something to do with the supernatural. No one could solve the mystery as to why the deaths occurred around 11:00 a.m. Sunday, so a worldwide team of experts was assembled to investigate the cause of the incidents.

The next Sunday morning, a few minutes before 11:00 am, all of the doctors and nurses nervously waited outside the ward to see for themselves what the terrible phenomenon was all about. Some were holding wooden crosses, prayer books, and other holy objects to ward off the evil spirits.

Just when the clock struck 11:00, Willie Johnson, the part-time Sunday sweeper, entered the ward and unplugged the life support system so he could use the vacuum cleaner.

The average cost of rehabilitating a seal after the Exxon Valdez Oil spill in Alaska was \$80,000.00.

At a special ceremony, two of the most expensively saved animals were being released back into the wild amid cheers and applause from onlookers.
