## My Scribble

In the past six months I have taken the opportunity to ask dancers why they gave up dancing or why are they going to a different club. We all have preconceived ideas why these things happen but are we right?

Some very basic 'square dance' reasons were given. Atmosphere at dances, cliques, not enough mixing of dancers, repetitively boring music and repeated set breakdowns all featured in their reasons. None of this is new. The Review has addressed most of these reasons in past issues. We will all probably say 'that does not happen at our club' but are we sure? Have a good look at your club if you are losing dancers. Of course there are other reasons as well e.g. transport, new location etc.

Interestingly, in the Society's Objects, Promotion is sub article (a) and the QCA's Constitution speaks of 'To be active in all phases of the art of Square Dancing - - - as it relates to - - - promoters, 'etc. Yet in recent times we see very little done about it by either body. Why promotion / promoters in these documents if nothing is being done about it?

**Personally I think promoting square dancing and getting new dancers is the most important thing any of us can do for this activity.**

This year Rob Fry is the Publicity and Promotions Officer for the Society. Please read his article. It would be great if we reacted positively to his efforts and requests. He will be trying his best. The question is "will we respond?"

Now that I have opened the subject we will probably hear all the platitudes about how years ago we did this or that etc. etc. Today is a different time and peoples' awareness is attracted by more direct methods. TV is the big medium for advertising but who can afford that? We have to use what the 'customers' react to or we are wasting funds, effort and time. Venues where the 'customers' congregate and can be individually made aware of the benefits of and included in square dancing, in a very short time gets the best results. Any good ideas? Send them to Rob.

**Publicity and Promotions Officer  
Square Dancing Society of Qld Inc.**

I am Rob Fry and I have the privilege of being the Caller and President of Rocky Twirlers Square Dance Club in Rockhampton. I accepted the job of Publicity and Promotions Officer because I believe there is a lot of both parts of this job which has to be done for Square Dancing. According to the present Constitution I am to 'obtain maximum favorable publicity, promote square dancing, assist individual clubs, authorise the use of the Society's name in advertising and promotion and form a sub committee if required.'

Who can do all that on their own, starting from scratch? **I do need your help!** Just answering these two questions would be a great start.

How do you believe the Promotions Officer can help your club?

What do you believe funding should be made available towards?

What *I CAN DO* is supply you with promotional material, you only have to ask. If I have it, it will be on its way quickly. If it is obtainable elsewhere, and I can get my hands on it, you will have it ASAP.

I can, in a lot of cases, put you in touch with certain promotional groups in your area. In some cases, these groups give you advertising and other forms of promotions on a **NO CHARGE BASIS**.

In a recent survey, a third of the clubs who responded had not partaken in a recruitment effort for a couple of years. Now that is a worry. If you have had a successful promotion in the past, please tell me how you did it so I can help others.

If you have any ideas, no matter how trivial or silly they may seem, tell me. Often the most insignificant or silly ideas work the best.

Square Dancing is an activity which does not have a very high profile and it is up to us to do something about that.

We are fortunate to be part of this exciting activity. Let's make the benefits of square dancing known to everyone.

Now you know me and how I can be contacted. When am I going to hear from you?

Please supply any information or ideas as soon as you can. This is a fact, and we are all the same, if you do not give your suggestions ASAP you will forget and do nothing about it.

### **Ulysses Squares**

During this recess period from dancing - sadly, two of our dancers have passed away. **Kathleen Davis** - Ulysses Squares- passed away on 27th December, 2005.

**Price Russell** - Cairns City Squares - passed away on 29th December, 2005. We extend our deepest sympathy to both families, and they will be greatly missed.

### **Pine Rivers Senior Citizens Square Dancers.**

We would like to wish all square dancers a very happy 2006 with lots of good dancing. Many thanks to those who came to our New Year's Eve dance and make it such a good night. We danced our way through 2005 and into 2006.

The first of our 5th Saturday of the month dances is on Saturday 29th April. The theme for this dance is "April Showers". The dance commences at 7p.m. sharp and the cost is \$5 which includes supper. Hope we will see you there.

On a sad note, we lost a long time dancer **Daphne Porter** on 1st February. Daphne would have turned 84 on 12th February and was a very regular dancer until late last year when illness prevented her from taking part. She also took part in a square dancing team that entertained at respite centres, nursing homes etc and was very proud of her age and the fact that she was older than quite a few of the residents. She loved to sing along with the caller as she promenaded around the square, and that to me, is one of the things I will miss about Daphne. Rest in peace Daphne, you will be sorely missed by your friends at Pine Rivers

### **TWO GRACIOUS LADIES LEAVE OUR SQUARE DANCE SCENE**

We live by the slogans "Square Dancing is Fun," "Only nice people Square Dance" and "Friendship is Square Dancing's greatest reward."

Brisbane's Dulcie McFarlane and Vee Thompson of Mullumbimby (NSW) epitomized all three criteria admirably as they were recently laid to rest within a week of one another with honour, respect and dignity befitting them both.

Dulcie, eighty five years young and our most senior S Bar B member, was also with Bar K Circle W, Uniting Squares Kenmore, Toe Tappers and right in the middle of the square dance scene.

Vee, seven years older, had formed and called for the Chincogan Chainers in her Mullumbimby home and was regularly featured at our Gold Coast "Summer Holiday" and "Winter Wonderland" vacation camps, soon becoming "Godmother" to all of us.

It was always 'open house' at Dulcie's and Vee's, places to stay, enjoy a cuppa or just a chat and their company was much sought after everywhere.

As we farewelled Dulcie at the Little Kings Chapel, Buranda and Vee in the delightful Heritage Park, Mullumbimby, it seemed a little like the passing of an era.

They will always be fondly remembered through songs like 'Could I Have This Dance' and 'Young at Heart'. True friends and an inspiration to us all.

May they rest in peace.

Graham and Val Rigby

## The Value of Surveys

In the past two years you have been asked to supply information in the form of Club Surveys or what do you think about this or that. We received about 35% return of the Club Surveys, after eighteen months. We receive the same regular few replies to other questions.

Some of us are trying to find out what you the dancers want and is very difficult to get that information out of you. Unfortunately without this type of information it is very difficult to improve our clubs or our organisation or make sure the movement is going in the direction dancers desired.

I know it is the Aussie thing to let 'the others' reply to these requests but *Sisters and Brothers*, YOU are 'the others'. (Yes, I know. I am preaching.)

Below is an example of how one club finds out what their dancers are thinking.

We talk about getting new dancers. Look at the results from the third question. It would appear that it is up to all dancers to do your bit to improve the Square Dance population.

Look at the seventh and eighth questions. Do the people in charge know what your club members want? EZ Squares does.

Noel M.

## EZ Squares Dancer Survey Results !

*In the past I have made suggestions that Surveys can help Clubs keep their Dancers motivated, interested and enthusiastic. So thought people may be interested to see our Clubs recent survey. Gillian Axelson*

*Hi Bugle Readers,*

*this edition is a little different to previous editions but as we settle back into our 'regular' style of living and the contributors 'come on line' again I guess we will get into some sort of regular layout. Any comments, re what we should be doing with the Bugle or what you think we should be done for dancing, would be appreciated. Noel M.*

### **Club Camps – So much Fun**

When you have talked to square dancing friends about some of the highlights they recall; what to they tell you? Is it some workshop where they learnt a new move, a special club night or even a festival or a national convention?

Many memories from our square dancing experiences come from social events; BBQs, outings together, tennis afternoons, Ten Pin bowling nights, meals with friends or going to a concert with club members, In other words non Square Dance events.

Club camps fall into this category. A few years ago Val and Graham Rigby organised Square Dance camps at Tallebudgera on the Gold Coast. Summer Holiday camp was in January and the Winter Wonderland camp fell in July. Many dancers will remember these camps for the club spirit, the dancers friendliness, the sporting competitions and the good "Old Fashioned FUN".

Sure we had dancing, we had workshops, and we learnt new things, but we also saw clubs competing at Table Tennis, Basketball, Trampolining and Sand Castle Modeling. Who will forget the Summer Holiday camp in January 1974? Yes! Cyclone Tracy, the Brisbane floods. Some of us who made it to the camp that year, had to come through flooded roads up and down the coast. On the Friday night, the Tallebudgera Road bridge was washed away, campers had to move their bedding to higher dormitories, many couldn't get through at all. With all these disruptions to plans, the camp was a success. Dancers got to know each other better. Everyone had a great time.

So, what's my point? With Square Dancing calling out for more involvement and more dancers, I believe clubs have to look for ways

How many BBQs or other social events have you held to bring your dancers together, to give them a sense of belonging and being part of the big Square Dance family?

One of the ways that Rambling Eights does this is by running our annual camp. Our First camp was held in 1990 at the Uniting Church Camp site (Camp Stacy) on the Cunningham Hwy. Several dancers who were at that camp still dance. In 1992 we moved to Lake Perseverance near Crows Nest 45 km from Esk. This is a Government controlled recreation lodge in a national park area. There is a sports field, tennis courts, as well as the dinning and dance hall. Dancers who attend are able to relax and enjoy each others company, play sports together or join in some dance sessions. Each year we have a different theme for the weekend. Some from the past are: Back to the Bush, The Ids of March and Ships Ahoy. Dancers amaze us with the outfits they produce at the Saturday evening party dance. They really get into the spirit of the theme.

Let the dancers have more fun, enjoy the activity and make lasting friendships in the world of Square Dancing.

### ***Most of us just want to go along and enjoy our square dancing .***

*Fair enough.*

*Some of us do get concerned for the future of what we consider a worthwhile social activity in this 'must have now' world we live in.*

*A large part of this Bugle deals with the well being of this movement. Rob Fry's article on promotion, Gillian Axelson's EZ Squares survey and David Pearce's article on having a bit more fun in Square Dancing. This was not planed. These contributions all just happened to turn up on my PC so in they went.*

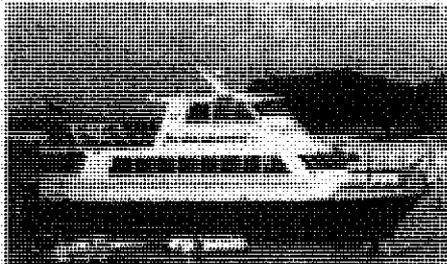

*I would be very interested in the results of any similar club surveys or ideas about more fun in square dancing. I hope you enjoyed the read and enjoy your dancing. Keep well.* Noel M
